NO.	QUESTION	ANSWER
1.	When will my home internet be installed?	<p>Once you have registered for nex.life Connect, you will be asked to provide three (3) preferred time and dates for the installation team to schedule the installation.</p> <p>Once all technical requirements are confirmed, you will be contacted with the suitable time and date for installation to take place on one (1) of your preferred time.</p>

2.	Can I reschedule my installation appointment date and time?	<p>For any rescheduling of the installation appointment date, you are required to inform nex.life 3 days prior to the initially agreed appointment date.</p> <p>A fee of RM200 will be charged if you reschedule the installation less than 72 hours of initially agreed appointment time. This will be deducted from your upfront payment.</p> <p>The new appointment can only be rescheduled 24 hours after the original appointment date.</p>
3.	What if I decide to cancel my order after I have set an installation appointment?	<p>Nex.life reserves the right to forfeit the upfront payment for any cancellation request than is done less than 72 hours of the agreed installation appointment.</p>

<p>4.</p>	<p>What are other items related to nex.life home internet that I should be aware on?</p>	<p>These are additional information that you need to be aware of prior to the home internet installation:</p> <ul style="list-style-type: none"> <li>• If your premise is a high-rise building served via copper, there might be limitation of having more than one (1) broadband service to a single unit. You are required to terminate any existing broadband service (if any) in the unit before subscribing to nex.life.</li> <li>• Minimal drilling is required for fiber installation to the premise.</li> <li>• You are responsible for the purchase of a supported WiFi router based on our recommendation list in order to complete the installation.</li> <li>• No installation appointment will be made for premise under renovation.</li> <li>• Both home and mobile internet service will be activated upon successful installation of home internet. Partial service activation is not allowed.</li> <li>• Account owner or authorized contact person must be available during the service installation. For high rise premises, owners are required to make arrangement with Building Management Office for installation permission, internal cabling and access to telecommunication room.</li> <li>• For internal cabling, additional charges will be applied for standard cables more than 50 meters and payment will be made directly to the contractor.</li> <li>• For other optional installation e.g. wiring inside ceiling or external cabling (pole to ground with surface cabling to premise), you may appoint your own contractor or deal directly with our appointed contractor. Payment will be made directly to the contractor.</li> <li>• Please provide a correct and valid billing e-mail address and hand phone number. We will send your monthly bill via e-Bill to your registered email address.
